New England Environmental Education Alliance
Promoting quality environmental education across New England

www.neeea.org

NEEEA'S MISSION

The mission of the New England Environmental Education Alliance (NEEEA) is to promote quality environmental education across New England in partnership with the state environmental education organizations.

About NEEEA

The New England Environmental Education Alliance was formed as a non-profit education organization in 1980, but its roots go back to 1966. NEEEA promotes environmental education on a regional level, enriching the contributions of the 6 state EE organizations. We invite you to become involved in your state organization and to get to know the state representative on the NEEEA board!

Annual Conference

NEEEA sponsors an annual fall conference - a weekend of workshops, exhibits, forums, field trips and demonstrations providing information about what's happening in New England's field of environmental education. The NEEEA conference brings together environmental educators from across New England.

Awards

For over 20 years NEEEA has recognized excellent environmental educators and EE programs within the New England region.

- Non-Formal Environmental Educator Award
- Formal Environmental Educator Award
- Marie Pirie Environmental Program Award
- Richard M. Haley Scholarship

Please refer to neeea.org for more information on NEEEA initiatives, events, and projects.

Publications

NEJEE - THE ONLINE JOURNAL OF ENVIRONMENTAL EDUCATION is written for practicing environmental educators: teachers, naturalists, program developers and administrators.

Retreats

NEEEA organizes the State Leaders' Retreat every other year for members of the state EE organization boards to build capacity in state leadership. Past topics have included board member orientation, strategic planning, creation of a manual for recommended practices, diversity within programming and fundraising. The retreat includes great networking and learning opportunities with participants leaving motivated and empowered with strategies and tools.

NEEEA is an affiliate of the North American Association for Environmental Education. www.naaee.org
